

Rynette Moore-Guillaume SWWA Vice President

Rynette is the Director, Operations for SaskWater. She has been involved in Water and Wastewater for 26 years between SaskWater and City of Moose Jaw. She was also contracted through Saskatchewan Polytechnic for twelve years teaching water and wastewater certification classes to Operators around the province. She has always been passionate about making a difference in the Water and Wastewater industry. She has served time on numerous boards throughout her career and has gained so many valuable mentors throughout the industry. She also volunteered on a water system project in Costa Rica, drilled a water well in Guatemala and was chosen to assist with Hurricane Rita and Katrina on damage assessment teams. She participated in a fundraising project with WaterAid Canada and climbed Mt. Kilimanjaro in Tanzania in support of water projects in east Africa. This industry has been a significant part of her career and she wants to continue to help make a difference. She graduated with a Civil Engineering Diploma (Saskatchewan Polytechnic), Bachelor of Science in Environmental Engineering Degree and Masters of Business Administration (Leadership). She is certified at Level 4 in Water Distribution, Wastewater Collection, Level 1 Water Treatment and Wastewater Treatment. She is married to Keith Guillaume who is also in the water industry at Buffalo Pound Water Treatment Plant and is blessed with two incredible children- Ireland and Zaid. In their spare time they love to travel and watch Ireland and Zaid in their sports.
